WORK EXPERIENCE

Tactical Aircraft Maintainer   **November 2018 – November 2022**
United States Air Force   **Osan AB, South Korea**
- Responsible for the maintenance and serviceability of the F-16 aircraft, ensuring quality insurance, producing fully mission capable aircrafts.
- Document maintenance in applicable aircraft forms and accurate maintenance actions into the data system which enables tracking of common malfunctions to update maintenance actions.

Sales Tax Compliance Analyst   **January 2017 – March 2018**
Uline Inc   **Pleasant Prairie, WI**
- Managed and regulated sales tax worth up to $150 million monthly, ensured sales tax compliance with State and Federal regulations, and implemented compliance standards for the customer service department.
- Reformatted excel files to expedite and automate routine tasks.
- Closely worked with tax department team leaders to ensure quality and compliant processing of customer's tax compliance forms.

Data Entry Clerk   **December 2015 – February 2016**
Kelly Services   **Chagrin Falls, OH**
- Managed, uploaded and filed invoices worth up to $1K, conducted data entry for the billing department, and organized documents for an employment agency on a team of seven.
- Organized and uploaded 100-150 files per day, supported documents, and conducted data entry using excel to maintain the accuracy of PO numbers.

Data Entry Clerk   **October 2012 – February 2013**
College of Lake County – Admissions Office   **Grayslake, IL**
- Updated and uploaded 50-100 forms daily for student files, removed and organized old files as needed to maintain the integrity of the database, and updated student information for a college admissions office on a team of four.
